

Bubbling Gel

Bubbling Face Pack

Become a beautiful skin with fine bubbles.

Bubbling

Spotlighted ingredient!
PFC(Perfluorocarbon)

Anti wrinkle

Liquid compound which consists of only carbon and fluorine possesses high gas solubility. Therefore, oxygen in air can be caught and be reached to skin. Since PFC itself penetrates into skin, it pushes up skin from inside, so that wrinkle looks improved.

Patented ingredient!

BACILLUS/
RICE BRAN EXTRACT/
SOYBEAN EXTRACT
FERMENT FILTRATE

※1

CELABIO®

Radiant Supple
Anti-wrinkling

Extracted material after the fermentation of rice bran/ soya bean with bacillus subtilis natto. To activate cells more than placenta extract. To promote collagen production more than vitamin C.

Patented ingredient!

ROSA CENTIFOLIA
FLOWER EXTRACT

※2

ROSE CRYSTA-CO Whitening

Patented ingredient, Eugenin contained in ROSE CRYSTA is extracted from rose petal and is confirmed to have functions of hyaluronidase activity inhibition, sunscreen, antiproliferation of propionibacterium acnes and anti-oxidation to skin.

Hot spring water
from Izumo Yumura
hot spring

Hot spring water Smoother skin

That spring has a long history. Its water makes skin smooth! That water contains many kinds of ingredient, each small amount, by which various pharmacological effects can be expected.

※1: CELABIO=BACILLUS/RICE BRAN EXTRACT/SOYBEAN EXTRACT FERMENT FILTRATE
※2: ROSE CRYSTA-CO=ROSA CENTIFOLIA FLOWER EXTRACT

Bubbling gel application situation

Soon after application

After foaming

※Interval till foaming differs, person to person

PFC + Foaming by sodium bicarbonate

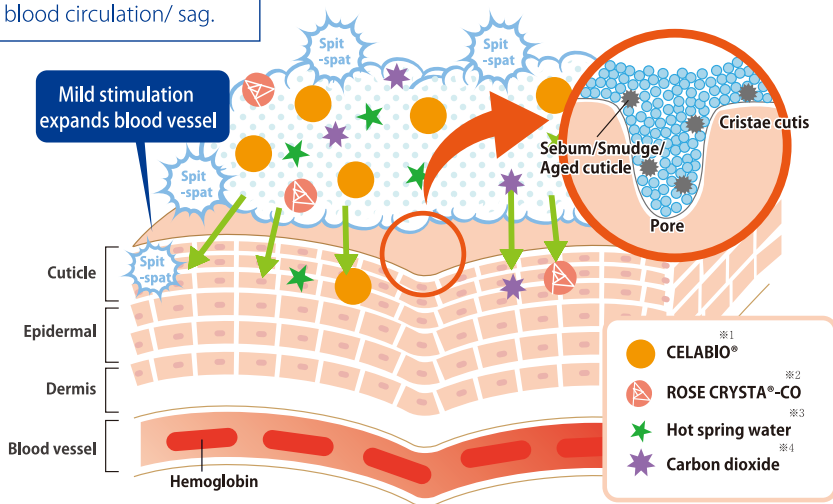

+ Collagen production by CELABIO

+ Anioxidantive and whitening action by ROSE-CRYSTA-CO

+ Smooth skin by hot spring water

+ Skin elasticity and moisturizing by other cosmetic ingredients

Double & dense foaming improves pore clearance/ blood circulation/ sag.

※1BACILLUS/RICE BRAN EXTRACT/SOYBEAN EXTRACT FERMENT FILTRATE
 ※2 ROSA CENTIFOLIA FLOWER EXTRACT
 ※3Hot spring water
 ※4Carbon dioxide

Only by applying to skin, fine creamy foam is spontaneously generated. Gel which penetrates into pores and sulcus cutis generates foam there, which floats with smudge. Skin is cleansed without any stress.

Skin condition change of Bubbling Matrix Gel

Blood circulation improvement makes complexion clearer and heighten skin transparency

Whitening

Shallow masolabial fold

Closer skin pore results in smoother skin

How to use bubbling gel

Step 1

Cleanse skin thoroughly

Cleanse face.
Remove makeup.
Wipe off water on face and hand with towel well

Step 2

Apply to face

Take one pack with dry hand
Apply to whole face evenly, except eyes and lips
Snapping sensation continues for 5 to 10 minutes

Step 3

Wash away

When foaming comes to end, wipe off foams
Then rinse face with water or lukewarm water well

Bubbling Gel (Pack)
